Enterprise Wellness Implementation Team member- As a new employee to Aerojet, Bil brought enthusiasm, energy and an objective perspective to the implementation team. He commented " please put me on your list" ...basically offered to do anything that needed to be done to get HRDS implemented for employees. He not only is an advocate of health and wellness programs for employees but role models wellness in his life style and work habits. He participated in weekly implementation meetings with HRDS team and the internal Aerojet team. He specifically generated multiple and creative ideas for the messaging campaign.
